Celebrating 20 Years

Nowadays, we know customers not only appreciate environmental responsibility from companies – they expect it. From the very beginning, it’s always been about more than just beautiful design. It’s about creating products that leave a lasting impression. It’s about smart, innovative products that let people design without limits, restrictions, or waste. It’s about the style you see and the beautiful things that go into our products. And it’s about being thankful for those who helped us get here, dedicated customers like you. So, as we venture out into the next 20 years (and beyond!), we’ll continue to create products that don’t just look good. They do good. And we think that’s beautiful.

HOW IT WORKS

FLOR Tile + FLORdot™ = Rug

Our rugs are made out of carpet tiles. Each tile measures 19.7" (50cm) square. Every order comes with our adhesive FLORdots™ that stick to the rug, not your floor.

THEN *and* NOW

While we're proud of where we are today, we're even more proud of the many milestones it took to get here. This is what 20 years of smart, beautiful, and responsible looks like.

2003

FLOR is launched by Interface, Inc. to bring its innovative carpet tiles beyond businesses and into homes with our first spring catalog.

2009

Our first storefront opens in Lincoln Park, Chicago.

2022

We create our first-ever carbon negative rugs using materials that sequester carbon from the atmosphere.

2007

Our Return & Recycle program invites customers to mail their old tiles back to be recycled into beautiful new rugs.

ECONYL
ENDLESS POSSIBILITIES

2011

We partner with ECONYL® to become the first flooring company to use recycled nylon in our rugs.

Introducing HERITAGE COLLECTION by FLOR

After 20 years, you can imagine we've got a deep vault of archived products. So in celebration of our anniversary, we've selected three of our favorites and are reviving, modernizing, and re-releasing them to live in the Heritage Collection by FLOR. We already know you'll love them.

Want to bring these new favorites home?

[FLOR.com/heritage-collection](https://www.flor.com/heritage-collection)

Originally inspired by the floor-length, lightweight wool dresses from days gone by, Delaine featured a subtle, antique pattern, and was the definition of "beauty in simplicity." Today, we've re-envisioned it as Good Company.

Rugs with this symbol are carbon negative meaning they draw more carbon from the atmosphere than is released to make them. The carbon negative materials in our CQuest™ BioX backing, in combination with ECONYL® yarn, and our tufting processes, result in carbon negative rugs.

Your Rug, Your Way.

We believe a rug should be able to handle daily life and do it with style. The secret to our good looks is individual carpet tiles. If you want to update the style or change the size, no problem. Just replace a few tiles, not the whole rug.

- 1. SAMPLES**
See a style you like? Order our 6" samples for \$2 each. Visit [FLOR.com/samples](https://flor.com/samples) to get started.
- 2. ORDER**
Once you place your order, most ship within 2 business days and arrive to your home in 5-7 business days.
- 3. FLORDOTS**
These adhesives stick to the bottom of each tile, not to your floor. With only two components, one person can assemble the rug.
- 4. EASY CLEANING**
The tiles come apart for easy cleaning—just loosen the FLORdot, rinse tile in your sink, and put it back in place.
