FLOR THE FUTURE.

Like the yarns used in our rugs, our journey to sustainability is woven into who we are. Innovating eco-friendly practices that go beyond doing less harm, and actively benefit the planet. We continue to hold ourselves to our unwavering commitment to lower our carbon footprint. From keeping millions of pounds of carpet out of landfills through our Return and Recycle program to launching the first-ever carbon negative rug collection, we continuously reimagine new avenues for a more sustainable future.

Our Sustainability Journey

1994

After a life-changing epiphany, Ray Anderson, CEO, embarks on a high-stakes quest to eliminate all negative environmental impacts Interface has on the environment by 2020.

2003

Interface launches FLOR, the specialty design brand of Interface, to create stylish rugs for residential homes.

2007

FLOR begins its Return & Recycle program, inviting customers to mail their old tiles back to be recycled into a beautiful new rug.

2010

Interface becomes the first brand in carpet or apparel to use Aquafil's ECONYL yarn, made from 100% regenerated nylon waste.

2012

FLOR publishes verified carbon footprint data for all products.

2019

FLOR reaches their goal of zero negative impact on Earth one year early.

2021

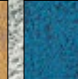

FLOR utilizes materials that have sequestered carbon from the atmosphere, creating our first ever Carbon Negative area rugs.

The Future

Interface has pledged to become carbon negative by 2040.

P.S. from PALM SPRINGS

For Modernism Week, the annual festival highlighting everything Mid-Century mod, we visited the chic home of Howard Hawkes and Kevin Kemper. When they bought their first home in Palm Springs, Howard and Kevin never imagined that remodeling the home would lead to something bigger. The idea for H3K Home+Design rose from the fixer-upper with classic Mid-Century bones and grew into a full-service design and build company.

Check out the bold, mod design of these design moguls' Palm Springs home, completely decked out in FLOR.

Signature Looks Made Easy

FLOR.COM/SIGNATURE-RUGS

Signature Rugs take the guesswork out of shopping, giving you an unforgettable look without planning your rug from square one. We figured out the design and calculated how many carpet tiles you will need. All you do is choose the size, put it together, and enjoy.

Signature Rug
Made You Look
Round Rug
 63-1455
 \$86

Available in 60 colors, 1 size.

Your Rug, Your Way.

We believe a rug should be able to handle daily life and do it with style. The secret to our good looks is individual carpet tiles. If you want to update the style or change the size, no problem. Just replace a few tiles, not the whole rug.

1. **SAMPLES**
 See a style you like? Order our 6" samples for \$2 each. Visit FLOR.com/samples to get started.
2. **ORDER**
 Once you place your order, most ship within 2 business days and arrive to your home in 5-7 business days.
3. **FLORDOTS**
 These adhesives stick to the bottom of each tile, not to your floor. With only two components, one person can assemble the rug.
4. **EASY CLEANING**
 The tiles come apart for easy cleaning—just loosen the FLORdot, rinse tile in your sink, and put it back in place.

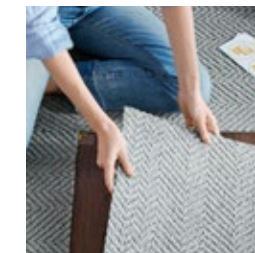

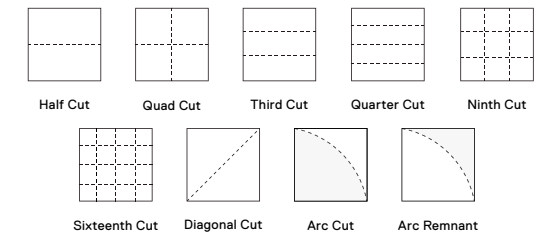

STANDARD & CUSTOM SIZES

Select a standard rug size or enter your room dimensions into our tile calculator for a custom size. FLOR tiles are 19.7" or 50cm square. Visit us online at FLOR.com/tile-calculator.

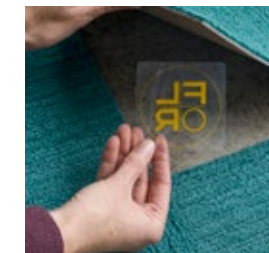

CUTTING SERVICES

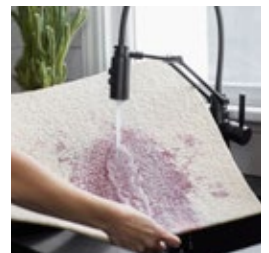

Cuts can help you get the best look for your space. Each cut is \$3.50 per tile. We also offer complimentary design services by phone or email.
