Your Rug, Your Way.

We believe a rug should be able to handle daily life and do it with style. The secret to our good looks is individual carpet tiles. If you want to update the style or change the size, no problem. Just replace a few tiles, not the whole rug.

1. SAMPLES
See a style you like? Order our 6" samples for \$2 each. Visit [FLOR.com/samples](https://www.flor.com/samples) to get started.

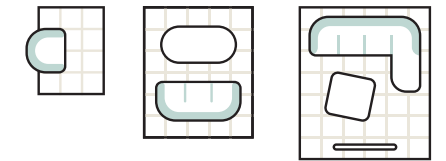

2. ORDER
Once you place your order, most ship within 2 business days and arrive to your home in 5-7 business days.

3. FLORDOTS™
These adhesives stick to the bottom of each tile, not to your floor. With only two components, one person can assemble the rug.

4. EASY CLEANING
The tiles come apart for easy cleaning—just loosen the FLORdot, rinse tile in your sink, and put it back in place.

Select a standard rug size or enter your room dimensions into our tile calculator for a custom size. FLOR tiles are 19.7" or 50cm square. Visit us online at [FLOR.com/tile-calculator](https://www.flor.com/tile-calculator).

“ We chose FLOR carpet tiles for the lobby's high-traffic library zone because we trusted they would hold up beautifully to the wear and tear.

TELL US A LITTLE ABOUT YOURSELVES AND YOUR BACKGROUND.

Nestled high in the Sonoran Desert, CIVANA Wellness Resort & Spa, recently named the #3 Destination Spa in the U.S. by Travel & Leisure, is a playground of well-being located just outside of Scottsdale. CIVANA was designed by the minds at THELIFESTYLEDCO™, a full-service interior design firm specializing in new builds, large scale renovations and interiors, using a minimal and modern aesthetic called Organic Desert Living™.

HOW DID YOU LEARN ABOUT FLOR?

As designers, we are constantly staying up on the latest in both hospitality and residential resources. FLOR has always been in our repertoire when designing for kids' playrooms, home or corporate offices, and hospitality.

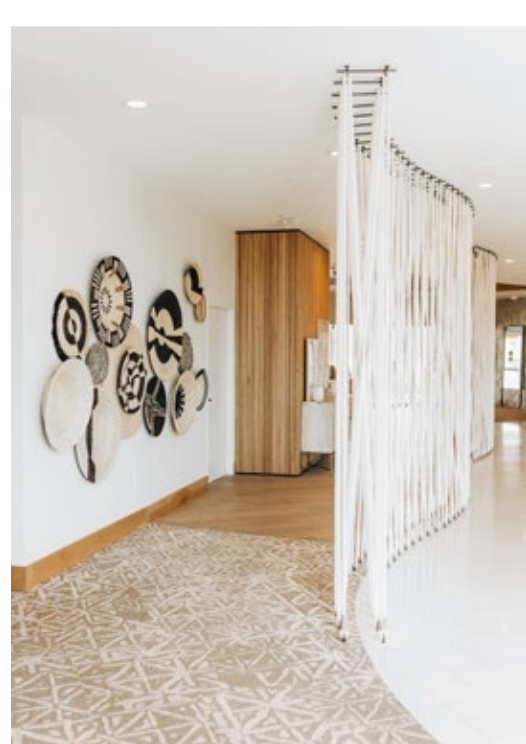

WHAT IS YOUR FAVORITE THING ABOUT FLOR RUGS?

When there's a tired tile, we can simply replace the tile and not affect the entire space.

DID SUSTAINABILITY INFLUENCE YOUR DESIGN?

Sustainably in design is one of CIVANA's top pillars in terms of refurbishment and re-use of the existing buildings and structures. According to recent reports, the largest contributor to carbon in construction is the substructure and superstructure, which typically accounts for 65% of a building.
